

**2016 S.A. Executive Committee Meeting
The Loft Meeting Room
Thursday 7th January 2016**

Present: Ashely Carvalho, Remi Rodari, Ana Ferreira Manhoso, Jodi Tangarorang, Macy Gregson, Derek Nguyen, Seth Wolff, Monique Ryan, Aidan Woodthorpe, Gagan Singh, Darcy Harwood, Rebecca Smith, Esther Power, Ashani Jeyadevan, Daniel Ta, Madison Boot

Apology: Ashwin Rajendra

Opening

Ashley opened the General meeting of the Student Association at 8.10am

Agenda Items

1. **Passing of last minutes.**

Rebecca puts forward the motion to pass last meetings minutes, Macy seconds this motion. The motion is accepted and the minutes are passed.

2. **Paper 1: Events Calendar by Events Director**

Darcy introduces her paper and explains all the events we discussed in the last meeting including brief descriptions and purpose of each event. Darcy reads through each event as seen on her paper. Darcy asks the council what their thoughts are, the council approve all that was proposed.

3. **Paper 2: O-Day by Events Director**

Darcy introduces her paper in regards to O-Day. She begins by running over the key points about the event. Darcy mentions that Ashley (and the rest of the executive) met with Student Services on Monday 4th January, and from then we have now decided to make our O-Day event at the same time as the Student Services schedule.

Darcy then runs through all the activities and services she encourages us to provide on the day. She concludes by asking the council whether they think we should charge the students for these activities, in particular the food trucks. Remi thinks we should negotiate with the food truck we recruit and inform them of an expected amount that they will make from the student exposure at this event and then what profit they make above that, the Student Association takes. Ashley suggests that we don't aim to make money from O-Day, because we are not a profit organisation, we are providing for the students. Ashley suggests that The Student Association should pay for the first 300 students (as an

example) and any more than that, people pay for their own food/drink. Esther asks how we will identify that these activities are provided by the Student Association; Ashley responds by saying that we will display a banner. Rebecca suggests that we give out stickers or vouchers for the food trucks so the new students are aware that we are the providers, and it may make it easier for the food trucks to monitor their sales. Gagan suggests we ask for the food truck to make prices cheaper for when students have to start paying.

Ashley asks the council which food truck they prefer. The council reaches a consensus of frozen yogurt. Ashley states that we should stick with one food truck for this event and see how it goes. We may use more in the future if it is successful. Darcy asks Rebecca about the table tennis for Prindville Hall. Rebecca states that she has contacted the university, there are three available from Student Services and we are able to have them for O-Day.

Jodi arrives 8.23am

Darcy continues to explain further quotes she has compiled. Hire of a giant cooling fan is \$72 per day, available from Kennards Hire in Mandurah – Derek to pick up. Darcy asks council how many fans they prefer. A discussion arises about where these fans will be situated, and Ashley continues by explaining the idea of a “chill out” zone in Prindville Hall with fake grass and copious seating. This will be more sociable and less intrusive for newcomers on O-Day and she feels as though we should save the giant games (Zorb balls and Sumo Suits) for Wellness Week. Ana offers PAANDA’s fake grass for this area. Esther asks where we will be for O-Day, Ashley responds by saying we will be mainly situated in Malloy Courtyard, and Prindville will be more open for students to rest in at their own leisure. Ashley puts forward the motion to hire one giant cooling fan, Esther seconds this motion. The motion is passed.

The following delegation of tasks are discussed and agreed upon:

Daniel to organise giant board games.

Rebecca to organise table tennis.

Darcy to organise food truck.

Darcy to complete event form for Prindville Hall.

Derek to complete clubs layout and event form for Malloy Courtyard.

These event forms are to be submitted by end of this week.

4. Paper 3: Club Space Cleaning by Environmental Director

Gagan introduces his paper with announcing a realisation he has come to in hindsight of our previous council meeting. He states that he is reluctant to accept responsibility to keep the Loft clean as it is a part of the university, and the cleaners should be attending to it on a more regular basis. Gagan will now contact Student Services in regards to the cleaning schedule for the Student Association.

Gagan continues to discuss the cleaning of the couches in the Loft. The council debates whether we should have them cleaned or purchase a steamer in which we can clean them in our own time. Council members also state that if they are taken away to be cleaned they will be missing for a couple of days, which may be detrimental to the couches themselves. However Rebecca and Ana suggest that we clean them each semester, during the break so that the exposed couches are not being used by students while the covers are being cleaned. The council agrees with this.

Alternatively Remi notifies us that new covers can be purchased from Ikea for \$39.00.

Ashley states that it will be too expensive to replace all the covers and maintains that we should still invest in cleaning them. Gagan to obtain quote for Laundromat cleaning - to be

completed before the next council meeting. Madison suggests replacing the yellow covers with black covers as the light colour will be an ongoing issue with them being dirty. Rebecca follows on from this suggestion by stating we should still clean the yellow covers and keep them as spares. Ashley agrees, the council will purchase two new black covers to replace the dirty ones.

5. Paper 4: GAMSAT Session by Academic Director

Monique commences her discussion by addressing that the first aid course highlighted in her paper is scheduled for week 4 in semester one, and for week 5 in semester two. (There was an error in her paper).

Monique continues onto her suggestion to run a GAMSAT session. Gradready is the program that runs these sessions, Monique is to get in contact with them (the Perth manager is not here till late January). Monique has talked to a few lecturers who are interested in doing a Notre Dame information session on what pre-med is and ways to get in. Last year, the first aid course was run by We Train You. Rebecca suggests Royal Life Saving. St John of God also runs the course however only on their own private days. Monique to schedule the course for a Thursday or Friday of the respective week. Monique states that she hopes to run the GAMSAT session during week two of semester one. GAMSAT is on March 19th (Saturday of week 4). Monique and Ashley both realise that the first aid course needs to be after the GAMSAT session, because most students that will be likely involved in the first aid course will be doing GAMSAT. We also have a cocktail party in week five. The council then decides that Monique is to organise the first aid course for week five in semester one.

6. Paper 5: 2016 Clubs Awards Night by President

Ashley introduces her paper by explaining that Student Services have suggested we combine our awards night with theirs. Ashley runs through the negatives and positives of this movement. The biggest negative she found is that if we do accept this proposal we aren't able to announce that the Clubs Awards Night is 'student-run'. However the benefits include, greater exposure and networking opportunities for council members and clubs amongst relevant cohorts. Another benefit is that the Student Association would then not have to organise or fund this event, and the standard of the event would be much more formal hence making the event itself more of an incentive for clubs to attend. Ashley also states that if we are to host our own awards night, she fears it will create a bigger wedge between us and Student Services. Ashley recommends that we accept the invitation, however she mentions that there is a possibility that attendees may have to pay for the night, as the venue will be more lavish, although she reassures us that she will advocate for not having to pay. Remi states that he is against this endorsement, as he believes they are dipping their fingers into what and who we represent, without necessarily taking any representation themselves. We are different, and so Remi states that he thinks accepting this invitation will take away from what was good about the awards night last year. Ashley asks Rebecca and Ana for their thoughts on the matter, as active and experienced club members. Rebecca states that a smaller event works better for nursing as it coincides with the community spirit that the Nursing Society omits. Ana states that a bigger event would benefit PAANDA more in terms of exposure, incentive and attendance. Madison suggests we have our own awards night with the clubs and then send representatives to the Student Services awards night. Ashley fears that alternative will add to the wedge between us and Student Services. Remi suggests that we can still host a clubs event that does not necessarily have to be an awards night, which can emulate what was good about our last awards night. Rebecca suggests we use the end of semester Halloween party as the base

for the clubs event. Ashley reiterates that she will advocate for us to have a significant role in the awards night. Darcy states that she thinks we should accept this invitation. Combining with Student Services means we benefit in multiple areas such as funding, exposure, and organisation. Ashley puts forward the motion to endorse this proposal from Student Services. Everyone accepts the motion.

7. Paper 6: Wellness Week Purchases by Welfare Director

Daniel introduces his paper by stating that he has secured several quotes for the activities for wellness week. Daniel runs through his quotes as highlighted in his paper.

Daniel asks the council which activities we should purchase, however he does state that there is a \$30-60 price increase on all the quoted prices now that the Boxing Day sales have ended. Ashley asks the council whether we should hire or buy these activities. The council then discusses storage space if we buy them. Rebecca states that her quote amounts to \$280 in total, to hire all the items (plus a refundable bond). Remi suggests we hire it first to see if it works and if it is successful we can look into buying them next year. Ashley agrees to look at hiring them. Madison suggests we use them more often once we buy them, the council agrees. Rebecca asks the council to confirm her Velvet Betty quote for O-Day (the \$280 quote, which is detailed under her agenda item paper).

Daniel puts forward the motion to endorse hiring these games for O-Day, Rebecca seconds this motion. The motion is passed.

Daniel now moves forward to a general Welfare update, he states that he will be contacting some health campaigns and businesses within the next week or so in regards to Wellness week and will get back to us with further information at the next council meeting. Daniel discusses the art therapy (giant art canvas) and is tossing that up between a giant note line. (Where students pin up notes with inspirational messages).

On another note, Rebecca mentions that booking a venue for Zorb ball will be difficult as health sciences use the gymnasium very frequently. The council suggests the esplanade park, and the Drill Hall. Ashley states that we should look into booking these venues as soon as possible. Rebecca states that the hire fee for Zorb balls is very expensive, so we need to ascertain whether or not we have them before going ahead with any of these endorsement suggestions. Daniel suggests a fairy floss machine for \$300.00, the council states it is too expensive, and suggests a healthier alternative. Rebecca suggests getting clubs to cater the food, (nursing, powerlifting and cheer).

8. Paper 7: Discount Program Update by Vice President

Remi commences his agenda by stating that the cut off for business applications has closed for contacting businesses, we are yet to see which ones have been successful in the applications. Remi briefs the council on the discount program again for the members that were absent during our last meeting when this was discussed.

Remi wants to talk about the price of membership; he thinks we should maintain the \$20.00 fee. Remi also asks the council what we think the best means of communication is to the students in regards to the discount program and how should we display the list of businesses. Ashley leads this discussion by saying that last year, communication about the discount program was mainly achieved through O-Day recruits, and so students who weren't first years were unlikely to know much about the program. Ashley also states that emails and Facebook channels were not very successful, so she suggests setting up stalls in Prindville Hall and surrounding courtyards throughout the semesters, so that all students on campus have an equal opportunity to see what the program is about and to sign up to it. Rebecca suggests pushing the discount program at all our events and perhaps ask

clubs to place flyers to small advertisements at their events. Aidan suggests we put signs near printers. The council agrees to put the list on our website, but display a poster of the Fremantle based businesses around campus. Macy to make up poster for the discount program; however this cannot be finalised until the discount program is released. The council agrees to highlight Fremantle businesses first and foremost, and select few other businesses that have impressive discounts from the wider Perth region, for the Notre Dame poster.

9. Paper 8: Merchandise Proposal by Vice President

Remi now moves on to his merchandise agenda. He runs through the quotes and samples that he has compiled of pens and shirts. Essentially, the better quality pens cost \$700 for 500, the middle range is \$550 for 500, and the cheapest ones are \$450 for 500. After an extensive debate about pens, the council comes to a vote between the New York pen and the Swan pen.

Swan pen: (10) Esther Derek, Jodi, Aidan, Monique, Madison, Daniel, Ashani, Remi & Gagan.

New York pen: (4) Ashley, Rebecca, Macy & Ana.

The council approves the purchase of 500 Swan pens, the council also agrees on blue and white as the primary colours.

Remi continues to discuss the shirts. The shirts he has quoted are simple white 100% cotton polo shirts (men and women style). These shirts are only for council members, and so Remi's quote is too large for the council to be able to discuss numbers. Ashley suggests we leave this debate until Remi has compiled a new and more accurate quote, and that he also provide another two options for shirts (quote a total of 20 shirts). Rebecca and Esther suggest polyester shirts for comfortability. Ashley states that this decision will be made during an executive meeting, which will take place next week, to ensure we order our merchandise as soon as possible. Ashley then asks the council if they are all willing to pay for their shirt if they own it. The council agrees to pay \$20.00 to own the shirt.

10. Paper 9: NDSA Tumblr by Publicity Director

Macy introduces her paper and suggests the council create a Tumblr account. Macy goes onto to explain the purpose of the tumblr account as highlighted in her paper; to post pictures and study tips etc. Macy also mentions that Curtin university has a 'Humans of Curtin' blog which just appears to be a feed of Curtin students and their story. Tumblr also has an ask feature which may be useful for students to use when needing to ask us questions about events or processes.

Ashley follows this discussion by saying that we already have multiple social media accounts that are not that well exposed amongst the Notre Dame students, and so she suggests that we focus on those accounts for now. Macy to look into a Tumblr account in the future once a strong and steady rhythm is developed across the rest of our social media. The council concludes by denying the endorsement of a Student Association Tumblr account. Macy continues to read through the Facebook interaction statistics. The council appreciate the numbers and reiterate that it is a slow period for us given it is university holidays.

11. Paper 10: Clubs Update by Clubs Director

Derek opens his agenda by announcing that he was unsuccessful in ascertaining how many clubs exist, and also who the executives are, as most of them failed to respond to his email. Ashley suggests that all council members who have personal contact with other club members, to contact them urgently and ask that they contact Derek with their new

2016 executive.

12. Paper 11: Reimbursement Process by Treasurer

Jodi opens her agenda by giving the council a brief run through the reimbursement process as highlighted in her paper. She states that any purchases below \$500 need to be approved by the executive only but purchases above \$500 need to be approved by the entire council at a general meeting. Ashley states that if a purchase has been discussed with the council or an executive at a general or executive meeting, then you can go ahead and fulfil the purchase (given you had provided quotes) and the reimbursement will be processed afterwards.

There are also expenditure regulations that Jodi refers to as well. Ashley states that she will be changing those regulations shortly, so that executive council is accountable for less money expenditure. The reimbursement form and expenditure regulations will be put on Facebook.

Esther asks about early timetable sign up. Ashley runs through our meeting with student services. She states that we should all receive an email by our respective schools by next week in regards to the early timetable sign up, in which case we can then give them our preferences and they will do it for us. If we are not contacted shortly then Ashley suggests we send an email to our respective schools.

13. Paper 12: Event Budget, Equipment and Venue Hire by Sports Director

Rebecca introduces her paper and begins with the clarification that we are no longer having Zorb Balls on O-Day, but that we will be having table tennis and giant board games instead. Rebecca mentions that we do have a voucher for sumo suits so she does suggest that we use it just to see how it goes. Esther thinks we should have sumo suits during wellness week, and not during O-Day as the weather may be too hot, and it is unlikely that new students will get involved in these sorts of activities if they do not know each other. Rebecca agrees with this point.

Rebecca moves on to Pink Sports Day which will be on the 29th March 11.30am-5pm in week 6. Student Services can provide some sports equipment that Rebecca runs through as outlined in her paper. Rebecca will be booking the gymnasium for this day. Rebecca asks if anyone on the council has any Yoga or Pilates instructors that would be interested in instructing on the day for free. Derek knows Scarlett Duncan who he thinks will be willing to do a workshop for free. Madison also has a contact, they are both to send Rebecca these contacts to these instructors can be organised. Rebecca reiterates that Pink Sports Day is for breast cancer awareness, she would also like to take the opportunity to start promoting the Founders Cup. Rebecca suggests hiring sumo suits as an incentive for social involvement, as she thinks that the net sports is not enough to draw people in. The council agrees to hire the sumo suits on Pink Sports Day for \$130.00. Rebecca puts forward this motion. Remi seconds this motion, the motion is passed.

Rebecca then runs through the Mini Olympics (Semester Two) and all the activities and prices as outlined in her paper. The total cost comes to \$450. Rebecca adds that the gymnasium is not available for the Mini Olympics, so she will need to book the Drill Hall. Rebecca would like to have approval from the council to make these bookings and purchases so that she can secure the quotes she has compiled.

Rebecca puts forward this motion. Derek seconds the motion, the motion is passed. Ashley asks Daniel to inquire if the gymnasium will be available on any of the days in Wellness Week, so we can see if we can use the Zorb Balls.

Closing

Ashley Carvalho closed the meeting at 9.52am

General Meeting Papers

Agenda Item title: Events Calendar 2016 Draft

Paper submitted by: Darcy Harwood

The council is asked to consider the following proposal:

Background:

The NDSA has together decided on a draft events calendar for 2016 as follows:

| | | |
|------------|-----------------------------|----------------------------------|
| SEMESTER 1 | O-DAY | 18th February 2016 |
| | BACK TO UNI MIXER | 3rd March Thursday Wk 2 |
| | COCKTAIL PARTY | 24th March Thursday Wk 5 |
| | WELLNESS WEEK | Wk 7 |
| | END OF SEMESTER PARTY | 26th May Thursday Wk 13 |
| SEMESTER 2 | BALL | 27th August Saturday Wk 4 |
| | WELLNESS WEEK | Wk 6 |
| | HALLOWEEN/END OF YEAR PARTY | 3rd November Thursday Wk 13 |
| | CLUB AWARDS NIGHT | 27th November Sunday (Exam Wk 2) |

Background for Each Event:

O-Day

- This is run by the university itself and therefore date and times are already in place
- The NDSA would like to be apart of O-Day as it is important that the council can introduce itself to new students, tell them what we do and are voice for their interests and concerns and be a face for the universities students.
- The NDSA is interested in running activities and providing a chill out zone inside Prindiville Hall throughout the day. This includes providing giant board games, a small selection of food trucks, ping pong tables and equipment to cool students down on the hot day.

Back to Uni Mixer

- NDSA would like to run an event at the beginning of the year to promote the council to students, begin advertising the NDSA and most importantly celebrate the beginning of the 2016 year

- The date has been chosen to ensure it's still at the beginning of semester but provides time to advertise
- Location will be somewhere in Fremantle so that its local, nearby and familiar, particularly to new students who won't want to travel far and to promote the Fremantle community

Cocktail Party

- NDSA will market this as the 'big' event of Semester 1
- Will choose a location outside of Fremantle to make it seem more high-end and attract a wider range of people who are interested in more of a party scene.
- Date was selected as it is in the middle of Semester 1 providing a break from studies but is not too close to end of semester so more students will be willing to attend

End of Semester Party

- As with the back to uni mixer this event will be held also in Fremantle so that students who have been at uni can pop in and its local
- This will also be a more chilled out event rather than a 'party' to mark the end of semester and give students a chance to wind down before exams
- Date was chosen so that it is in the final week of the semester, provides plenty of time for advertising but students still have the following week to study before exams commence

Ball

- This will be the main event run by the NDSA
- The date chosen ensures the ball continues to occur around the similar time it has been held in previous years - the 'ball season'
- The NDSA hopes that by cementing a date other universities will work around our date and will prevent clashes
- The NDSA would like to run this at a well established ball venue to entice students to attend and ensure that everything runs smoothly

Halloween/End of Year Party

- The NDSA is interested in combining an end of year party with Halloween to create a themed event that will draw more people in
- Date provides students with the following week to study before exams and follows the Halloween weekend so that students will still be able to attend their own Halloween events.

Club Awards Night

- This was a great event for 2015 and the NDSA would love to continue it this year
- Allows the council and other clubs to celebrate the effort and work of the clubs and unwind after a great year

General Meeting Papers

Agenda Item title: O'Day Plans

Paper submitted by: Darcy Harwood

The council is asked to endorse the following recommendations for O'Day:

O'Day is being held on the 18th February 2016 and is a perfect opportunity for the NDSA to attract new students, promote the Council, what we stand for, what we offer and the events that we will be holding throughout the year. Therefore the Council is interested in creating a 'chill out' zone in Prindiville hall where new students can come to relax, get out of the heat and get to know the NDSA. This will involve providing the following activities/services:

1. Giant board games
2. Food Trucks
3. Giant mist/spray fans
4. Tabel Tennis Tables

Background:

The O-Day provides the NDSA with a great opportunity to promote the Council, all that it does and reach out to new students. Given the usual high temperatures of February the NDSA is interested in creating a fun, chilled out, cooling zone in Prindiville Hall. In discussion with Student Services it has been decided that the NDSA will run activities throughout the time O-Day is happening but will not continue later into the afternoon.

Food Trucks

- The Council is interested in having food trucks inside Prindiville hall to bring people in and create a carnival like atmosphere
- Given the university normally provides a sausage sizzle and the high temperatures of February it is recommended that we only have food trucks serving cold food like ice-cream and dessert
- All that is required for the food trucks is to provide a food permit to the university in advance
- The council needs to consider whether we would like to charge the food trucks for coming onto the premises and then allow them to keep all the profits or if the council would like to charge anything, ect - need to decide this before I make contact

Possible Food Trucks:

- Krispy Kreme
 - Have already been in contact
 - Their food truck is currently interstate however they can provide a large events tent
 - They are very interested in being involved
- Mr Wippy Icecream Truck (Whippy Kiosk)
- Pash Frozen Yogurt
 - Interested
 - Have to get back to him with details as to cost, ect

Giant Board Games

- Dan has been in contact with individuals for these activities and has received these quotes

Table Tennis Tables

- The University has table tennis tables that would be great to use for O'Day
- Sports Director (Bec) can get into contact with Max and ask for approval to use these tables for O-Day
- This reduces the costs for the day if we can take advantage of equipment the university already has

Giant Spray/Mist Fans

Kennards Hire: \$72 dollars per Misting Fan for one day (inc. GST and Damage Warranty)

- They only have them at their Mandurah Branch: We can pick it up ourselves or we can get it delivered and picked up for an extra \$75 dollars.

Watershed Perth: Hires out Mist Cooling Fans

- Waiting to hear back on a quote

Tasks for the Council

- Consider if there are any other activities/services the Council wishes to provide on the day
- Delegate to council members the organisation of the different activities

General Meeting Papers

Agenda Item title: Loft and club room cleaning

Paper submitted by: Gagandeep Singh

If there is a recommendation you are asking the Student Association to endorse, use the following. If not, delete this upper section.

I recommend that the council look into the purchase of a steam cleaner along with the cleaning product to maintain hygiene of couches and furniture. Also consider student services to ask the cleaners to maintain the club room.

The council is asked to endorse the following recommendation:

Background:

The loft furniture such as the couches often becomes filthy and unhygienic and require proper cleaning. I looked into cleaning via launderette but the price would become considerable over a long term and wouldn't be convenient as couches would be left uncovered whilst being cleaned. I then looked into equipment that we could purchase to do the cleaning our self and after research found a highly recommended and affordable solution. The chosen cleaner was the Bissell SpotClean Stain Remover which received 4-5 stars rating on most review and shop websites. The quotes are listed below:

Pros

- One off payment
- Affordable
- Can be used without removal of couch covers
- Can also be used for office space as well as removing stains from carpet
- Is easily usable and convenient
- Small storage
- Can frequently clean areas

Cons

- Will have to purchase cleaning products
- Time taken to clean: would require someone to clean
- Maintenance of equipment
- Need warranty

Pricing

| Store | Harvey Norman | Good Guys | David Jones |
|------------------|---------------|------------------------|-------------|
| Product Cost | \$188 | \$169.15 (price match) | \$169.15 |
| Warranty 3 years | \$60 | \$29 | \$29.95 |

General Meeting Papers

Agenda Item title: GAMSAT session and First Aid Course considerations

Paper submitted by: Monique Ryan

To consider the possibility of running a GAMSAT and/or medical information session before March and for the First Aid Course in Semester 1 to be run by We Train You.

GAMSAT SESSION:

The university has not held a GAMSAT and/or in-depth Medical information session for students who wish to pursue a career in medicine before. This year, before March, I would like to run one session about information, strategies and advice for students who are sitting the GAMSAT course on March 19th.

The GAMSAT seminars that UWA holds for their students is run by GradReady and is free admission to all students. If considered, I would like to see if GradReady would hold a session for Notre Dame students here as well. I will have to contact the Perth manager when they return about cost and availability.

There are also a couple of lecturers that are interested in participating in a Medical information session that shows the realities of medicine, GEMSAS applications and to give advice on good pathways into medicine.

FIRST AID COURSE:

The First Aid Courses organised by the Academic Director last year was through the 'We Train You' company. They offer the HLTAID003 certificate of first aid which incorporates CPR training and basic first aid skills (burns, shock management, EpiPen usage etc.). This requires one standard day of training.

On their website, they offer the unit for \$110 per person or \$100 each for more than 10 people involved (will have to contact them if the price changes in regards with completing the unit on campus).

I would like to hold the Semester 1 First Aid Course on the Thursday or Friday of Week 5.

General Meeting Papers

Agenda Item title: 2016 Club Awards Night

Paper submitted by: Ashley Carvalho

The council is asked to endorse the following recommendation:

That the council accepts the invitation to join up with student services and be a part of their 2016 Student Awards Ceremony which will include sports, volunteering network, mentoring and other aspects of the university combined for a large awards ceremony

Background:

- 2015 was the first year that the Student Association organised and put on a 'Club Awards Night' in order to celebrate personal and club contributions to University life. This was fully funded and organised by the SA.
- This year the university is combining a number of different awards nights into one, so the sports awards night, the volunteer awards night, the mentoring awards night will all be held together at the same time and place
- The SA has been invited to be a part of this awards night for 2016

Pros of accepting the invitation:

- Other students present on the night could learn more about the Student Association and the Clubs that are out there
- It would be funded by other sectors of the university and could potentially be bigger and fancier than if SA alone were to fund it
- If it is a bigger awards night then students would perhaps feel a greater sense of accomplishment and recognition for their award
- It would show that we are a part of the university experience alongside other initiatives and programs rather than separate to it

Cons of approving the invitation:

- The awards ceremony would not be organised by the student association and so it would lose that personal SA touch
- The importance of SA could potentially be lost alongside the other programs
- There is the potential that there could be a cost to the night

General Meeting Papers

Agenda Item title: O-Day and Wellness Week purchases and update

Paper submitted by: Daniel Ta

Section A – O-Day and Wellness Week purchases

The council is asked to endorse the following recommendation:

To discern the better options and purchase the following items for O-Day and Wellness Weeks: giant Jenga, Connect 4, Twister, Snakes and Ladders and pick-up sticks.

Background

It has come to the attention of this council that the purchasing of giant board games as entertainment for O-Day and Wellness Weeks may be more economical long-term than individually hiring them for each event. As such, here are some quotes. Please feel free to suggest any other games.

1. Giant Jenga

Item A name: Giant Tumble Tower – Pine

-\$165 + \$77.13 shipping via Toll Ipec = \$242.13

-56 pine blocks measuring 21cm x 7cm x 4.7cm starting in a 19 level tower at 90cm that can reach over 150cm; includes nylon transport / storage bag.

Item B name: Giant Tumble Tower – Premium Hardwood

-\$236.50 + \$69.25 shipping via Toll Ipec = \$305.75

-56 premium hardwood blocks measuring 21cm x 7cm x 4.7cm starting in a 19 level tower at 90cm that can reach over 150cm; includes nylon transport / storage bag.

Item C name: Monster Tumble Tower - Premium Hardwood

-\$302.50 + \$116.53 shipping via Toll Ipec = \$419.03

-56 premium hardwood blocks measuring 22.5cm x 7.5cm x 6.5cm starting in a 19 level tower at 124cm that can reach over 200cm; includes 2 nylon transport / storage bag.

Notes

-Item B is simply higher quality wood that Item A.

-Item C may require chairs to place blocks on top of the tower once it reaches too high.

-In order to preserve the quality of the wooden blocks, synthetic turf or other forms of padding will be required to soften the blow as blocks fall to the ground.

2. Giant Connect 4

Item D name: Super 4

-\$247.50 + \$104.71 shipping via Toll Ipec = \$352.21

-Dimensions: 0.87m (H) x 1.15m (W) x 0.6m (D)

-42 bright red and yellow playing counters.

-Made from durable hard wearing plastic.

Item E name: Mega 4

-\$385 + \$108.65 shipping via Toll Ipec = \$493.65

-Dimensions: 1.15m (H) x 1.22m (W) x 0.57m (D)

-42 green and magenta playing counters.

-Made from durable hard wearing plastic.

3. Giant Twister

Item F name: Get Knotted

\$71.50 + \$18 shipping via Startrack 5kg = \$89.50

-Plastic playmat (3m x 3m).

-Pegs to secure mat to the lawn when playing outdoors.

-2 giant inflatable dice.

4. Giant Snakes and Ladders

Item G name: Giant Snakes and Ladders

-\$55 + \$18 shipping via Startrack 5kg = \$73

-A giant thick PVC playing mat (3m x 3m) that can be folded up for ease of storage and transportation.

-8 corner pegs to hold the mat in place.

-A giant inflatable die.

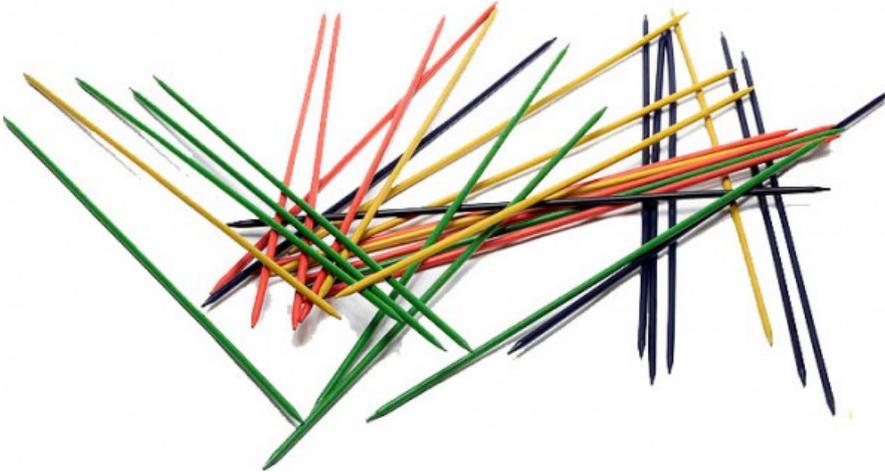

5. Giant pick-up sticks

Item H name: Giant Pick Up Sticks

-\$38.5 + \$13.50 shipping via Startrack 3kg = \$52

-Each game contains 30 wooden sticks 90cm in length, packaged in a bright cardboard box.

Section B – General update for Wellness Week

In progress

- Giant board games: awaiting purchase.
- Physiotherapy massage: will contact Susan.Edgar@nd.edu.au, coordinator for clinical placements at the School of Physiotherapy to enlist 1st or 2nd year students for massages as a part of their pre-clinical hours.
- Stampede Gelato: will visit owner at the Mantle within the next 2 weeks.
- Dogs: will contact Shenton Park Dogs' Refuge Home via enquiries@dogshome.org.au or 9381 8166 (had them last year).
- Cats: will contact Cat Haven via admin@cathaven.com.au or 9442 3600 (had them last year for a small donation).
- Table tennis: awaiting Rebecca's contact for details.
- Fruits and vegetables stand: will contact Spud Shed, IGA, Woolworths, Coles.
- Will be contacting Smarter than Smoking and any other health campaign we can think of.
- Catering to be organised in the near future.

TBC

- Art therapy: will contact ECU Bunbury Campus to see the viability, cost and logistics of the massive art canvas before deciding whether we want it.
- Fairy floss
- Mini golf
- Musician
- O₂ Bubble Soccer

General Meeting Papers

Agenda Item title: Discount Program Update

Paper submitted by: Rémi Rodari

The council is asked to endorse the following recommendations:

Establish the pricing of the stickers at \$20 or any other value that has been agreed upon by the council.

Decide how the discounts will be communicated to the students.

Background:

- This is an update on the student discount program
- The deadline for the addition of businesses to the program has passed and I am holding discussions with the UWA guild regarding stats about the businesses added and anything else that is happening.

Pricing

- I would also like to discuss pricing of the membership, the \$20 from last year seem reasonable so we should keep it that way unless people want to change it to something else.

Advertising

- Finally, the format on which the discounts will be highlighted has not been finalised and will be covered by the SA so we can also vote on how we will set this out.
- The format can be digital or hard copy.

- The format can be digital or hard copy.

General Meeting Papers

Agenda Item title: Merchandise

Paper submitted by: Rémi Rodari

The council is asked to endorse the following recommendations:

Decide on which Pen to be distributed.

Decide whether we charge the SA for the shirts or do we pay for half

Approve on all payments

Background:

- We are to decide on the style of the pens that will be distributed.
- We are also to decide for the shirts and for the way they will be paid
- Finally, we are to agree on the transaction

Pens

- I have selected three pens that could fit our needs
- We have a premium pen worth \$1.40 per unit totalling \$700 for 500 units.
- The mid-range pen is worth \$1.10 per unit totalling \$550 for 500 units.
- The cheap pen is worth \$0.9 per unit totalling \$450 for 500 units.
- All the pens will have our logo printed in one colour.

Shirts

- The pricing for the shirts is \$32.50 per shirt.
- We will be able to choose:
 - The style i.e. Male/Female
 - The size
 - The colour but I think we should stick to just one colour
- There is a one off sum of \$80 to be paid for the setting of the machine to print our logo.

Contribution for the Shirts

- If the SA pays for it all (shirts plus pens) it comes to:
 - \$1859 for shirts + premium pens
 - \$1694 for shirts + mid-range pens
 - \$1584 for shirts + cheap pens
- If we contribute to half for the shirts since we will be keeping them, it comes to:
 - \$1379 for shirts + premium pens
 - \$1214 for shirts + mid-range pens
 - \$1104 for shirts + cheap pens
- The contribution for the shirts comes to \$16.50 per shirt for 28 shirts i.e. \$19.25 per person but I rounded at \$20. Attached below is the spreadsheet highlighting the prices etc.

Pens + Shirts cost for SA

| Option 1 | Item | Quantity | Price | Total 1 | Option 1 | Item | Quantity | Price | Total 1 |
|-----------------|-------------|--------------------|--------------|----------------|-----------------|-------------|----------------------|--------------|----------------|
| | Shirts | 28 | 32,5 | 910 | | Shirts | 28 | 32,5 | 910 |

General Meeting Papers

Agenda Item title: Tumblr account

Paper submitted by: Macy Gregson

The council is asked to endorse the following recommendation:

Create a Tumblr account/blog for the Notre Dame Student Association

Background:

Tumblr is a social media platform where pictures, videos, text, and links can be shared. The Student Association having a Tumblr account would mean an extra platform for student engagement, to complement the Facebook, Instagram, Twitter and Snapchat accounts. The blog for our Council could feature as an amalgam of information and a representation of university life (when considering linking posts from Facebook, Twitter, Instagram and Snapchat).

Subheading 1: Posts

The Tumblr blog could post:

- Pictures from University events (e.g. O-Day, Ball, End of Semester parties, wellness week, sports, club events, etc.)
- Pictures from Instagram and Snapchat – e.g. showing a typical “day-in-the-life” of a Notre Dame student
- A spotlight on students (see additional information below)
- Study tips
- News – City of Fremantle, Australian, Global (mainly from Twitter)
- ‘Derek quote of the week’ (Either in picture or text form)

Subheading 2: Following

The blog would mainly be posts that we have created about our events. To engage more students, the account can also follow:

- Study blogs
- Other university blogs
- News blogs
- ‘Follow back’

Any other information or text as necessary:

Curtin University has a Tumblr blog titled ‘Humans of Curtin’, which purely contains images and small quotes from the student body. Our blog could include this feature, with a spotlight on a

student every month (for example). Their blog includes links to all their other social media platforms, and this would also be included in the blog for our Student Association.

Blogs can also have an 'Ask' feature, which allows users to send questions directly to the blog. Students can then ask any questions they have about an event or post, and adds an extra platform for students to gain any more information they may need.

Blog link can be the same as the other social media accounts for organisation.

FACEBOOK STATISTICS: 24/12-15-30/12/15

General Meeting Papers

Agenda Item title: Clubs Committee update

Paper submitted by: Derek Nguyen

Background: There are approximately 22 clubs available at Notre Dame; all have been contacted via email about their 2016 executive clubs members list. Once these executive members are identified, we would try and set up the first meeting of the year to discuss any information for 2016.

Clubs reply:

So far only 2 clubs reply, PAANDA and the Soccer club. Their list of executive members has been recorded. No other clubs have replied, so I'm assuming they are all dead.

Chase up:

Another email has been sent to each club regarding their executive members, until they reply a set date cannot be determined for our first meeting. However, the job will get done, no need for any worries.

General Meeting Papers

Agenda Item title: Reimbursement Process

Paper submitted by: Jodilee Tangarorang

Council members who have paid personally for Student Association expenses will be reimbursed.

- 1.) Prior to purchasing, let one of the executive members know about your purchase. For amounts less than \$500, this can go through the executive. Amounts more than \$500 need to be addressed in a general council meeting.
- 2.) Fill out a reimbursement form (attached in this paper) and provide all appropriate receipts/invoice.
- 3.) An executive member and a council member (or two executive members) must approve the form.
- 4.) Once approved, the money will be reimbursed within 1-2 weeks via online banking.

Notre Dame Student Association Principles of Expenditure

Aka. How to apply for money

1. Complete the expenditure approval form
2. Attach the relevant quotes:

| Expenditure amount | Number of quotes | Approving body |
|---------------------------|-------------------------|-----------------------|
| Less than \$100 | 0 | Executive |
| Between \$100 and \$500 | 2 | Executive |
| Between \$500 and \$1000 | 3 | Executive |
| Over \$1000 | 3 | Council |

3. The request will be considered at the next Executive meeting and you will be notified of the outcome within 2 days.
4. If the requested amount is more than \$1000, the request will be sent to the University for approval.
5. If approval is obtained by the relevant body, the expenditure will be made within 5 days.
6. If your request is denied, you will have the opportunity to appeal the decision at the next Council meeting.

Please consider the University funding principles when requesting expenditure approval:

- Funding must be used for the legal, ethical, legitimate and authorised activities of the Student Association;
- The use of funding must be fully consistent with the Objects of the University;
- There must not be any actual or perceived conflict of interest relating to the use of the funding;
- The funding must only be provided to Student Clubs in accordance with Clause 7 of this Policy and must not be provided to any political parties, lobby, advocacy groups or similar bodies that have not been formally affiliated; and
- Funding must not be used for any purpose likely to bring the University, the Student Association, any University Officers or students into disrepute.

General Meeting Papers

Agenda Item title: Sports Equipment Hire – Budgets and Bookings
Paper submitted by: Rebecca Smith – Sports Director

Approve Equipment Hire from Perth Sumo Suit Hire for all 2016 Events

- ODay
- Pink Sports Day
- Mini Olympics
- Wellness Weeks x 2

The council is asked to endorse the following recommendation:

Background:

Provide fun activities to encourage students to engage with the Student Association, other students and the University as a whole while promoting physical activity as part of a healthy uni life.

ODay 18th Feb 2016:

Sumo suit Hire for the whole day \$130 and Zorb Soccer \$450 (1pm – 3pm) plus \$90 ref hire

Confirm booking of gymnasium from 1pm – 3pm

Mini Olympics 10th August 2016:

Sumo suit Hire for the whole day \$130

Gladiator Jousting \$180/day

General Meeting Papers

Agenda Item title: Pool Equipment Upkeep and Expenditure
Paper submitted by: Rebecca Smith – Sports Director

Approve purchase of new Pool Cues, Billiard Balls and resurfacing tables

The council is asked to endorse the following recommendation:

Background:

The pool tables in the loft are a great way to get students to engage with each other both of their own volition and through the SA Pool Tournament. Upkeep of the equipment is necessary to allow students to continue to safely and happily play and also for the Pool Tournament to go ahead.

Purchase of Cues and Balls

Rebel Sport and Amart Sports

Cues \$80 - \$100ea

Billard Balls \$50/set

Re-felting

West Coast Billiards

Pool Table Man

Custom Billiards

Still waiting for quotes to come through.

Have also requested quotes on cues and balls.

 For conditions of hire please refer to the terms and conditions at gameshire.com.au.
 Credit card payments incur an additional 1.95% charge.

Hi Rebecca,

Yes we do have the bubble soccer (if that's what you were referring to).

They have only just arrived. They are for adults.

It hires out at \$450 for 10 balls (5 per side). The referee is \$30/hour and is mandatory.

Please let me know if your interested in the bumper soccer!

Thank you again

Kind Regards

Cameron

Hi Rebecca,

First off, thank you for contacting us. We would love to help out.

We can offer definitely off you our discount pricing for non for profit organisations.

Those dates at this stage are all available for those items.

Please see our prices below.

Adult Sumo Suits \$130 for day hire

Inflatable Twister \$140 for day hire

Gladiator Joust \$180 for day hire.

If you did want them overnight please let me know as the price will change.

Delivery and set up is free if the inflatable games are hired.

If have quoted for the adult sumo suits, if you wanted a different size please let me know also.

If there is anything else you need to know or if there is anything else we can help out with, please feel free to ask.

Thank you again,

Kind Regards

Cameron
